BUSINESS MEN TO HOLD BANQUET THIS EVENING

Announcement has been made by Chairman Frank T. Barker of the Mercantile Department of the Ukiah Chamber of Commerce that a dinner meeting of business men and merchants is being arranged for Friday evening at 7 o'clock at the Palace hotel. Matters of vital importance to the business and political interests of Ukiah will be discussed at this meeting. The meeting will not be restricted to merchants but may be attended by any one desiring to do so. Reservations are being made at the chamber of commerce office at $1 per plate. It is planned to have a number of persons qualified to explain different constitutional amendments to be voted on at the election next Tuesday at this meeting to enlighten the voters on such matters. Other matters affecting the commercial and civic betterment of the community will be taken up for consideration.

Plans are now also under way at the chamber of commerce for the supplementary membership campaign to be held early next month. A two-day drive is planned to enlist the interest of additional citizens in the work the organization is doing for the general betterment of Ukiah.

HALLOWE'EN BRIDGE TEA WAS DELIGHTFUL EVENT

The bridge tea given in the Saturday Afternoon Club rooms on Thursday afternoon of last week was one of the most brilliant and successful society events ever staged in this city and a standard was set for perfection of detail and artistic effect which it will be difficult for future entertainers to excel. Mrs. Frank Cunningham, Mrs. Earl Fulwider and Mrs. Hale McCowen Jr. were the hostesses for the occasion and this trio of popular young matrons have been receiving the felicitations of their friends over the success of the affair.

Never was the decorative value of wild growing things more fully demonstrated than at this time when great masses of autumn-tinted wild grape leaves and other wild foliage, combined with wild rose pips and snow berries transformed the club rooms and brought indoors the magic touch and the breath of the woods. Used in conjunction with these and still further enhancing the beauty of the setting were huge bunches of bamboo, while a great jar of gorgeous red-hot-poker blooms added a distinctive touch all their own. Suggestive of hallowe'en were the details and the appointments of the delicious two-course service while the jack-o'lantern faces which shaded the electric lights and played at hide-and-seek with the decorations in various parts of the room called to mind the season of goblins and witches. As a result of this pleasant afternoon's diversion score favors were bestowed upon Mrs. P. H. Joseph, Miss Nettie Taylor, Mrs. Jack Smith and Mrs. Will Davis.

Those in attendance were Mesdames A. F. Moulton, Elmer Gibson, Ernest Ruddick, Robert McGarvey, Volney Van Dyke, E. J. James, S. Souder, E. W. James, Jack Smith, Beale, Wm. Bromley, Louis Cunningham, Fred McKenzie, C. M. Mannon, D. R. Smith, E. W. Dutton, T. W. Maguire, K. C. Eversole, E. A. Eversole, E. B. Gibson, Guy Redwine, H. L. Preston, F. T. Barker, D. Hulen, M. J. Rowe, Chester Cox, J. L. Davis, J. L. Brown, Elmer Albertson, G. W. Stout, M. H. Iversen, P. H. Joseph, Mary Ruddock, Wm. Davis, W. E. Williams, F. E. Rea, Curtis Miller, A. R. O'Brien, Louis Hildreth, Louis Hofman, Neil Anker, A. R. Thomas, W. S. Graham, Victor McGarvey, Taylor McGarvey, J. J. Mathews, B. S. Hirsch, Earl Ford, H. E. Davis, Robherd Thomas, G. E. Jamison and Misses Frances Thompson, Joan Fraser, Nettie and Pearl Taylor.

Byron Gowan came over from Philo on a short business trip the latter part of last week. He is a well known rancher of the Anderson valley section.

Miss Veta White Ill at Honolulu

A cable received by Mrs. Fannie White Tuesday bore the unwelcome news that her daughter, Miss Veta White, who was en route to Manila, had been taken from the ship at Honolulu, being unable to continue the trip for several days on account of illness. The cable was sent by Dr. and Mrs. F. E. Allen, former residents of Ukiah, who met Miss White at Honolulu. Mrs. White is anxiously awaiting further news to be contained in a letter which was to follow the cable message.

REV. H. JUDSON GRAVES SUCCUMBS TO PTOMAINE

Rev. H. Judson Graves, pastor of the M. E. Church, South, of this city, passed away at his home last Tuesday morning at an early hour following an attack of ptomaine poisoning which he contracted while on a visit to San Francisco the latter part of last week. The illness seized him very suddenly and its fatal outcome was a severe shock to the family and friends.

Mr. Graves was a native of Massachusetts, where he was born Sept. 29, 1860. He came to Ukiah as pastor of the M. E. Church, South, two years ago, and since his residence here has been a very active worker in the spiritual field as well as a participant in all public movements for the progress of the town.

The funeral services will be held this morning at ten o'clock, at the M. E. Church, South, following which the remains will be shipped to Santa Barbara for interment.

The sincere sympathy of their many friends both in and out of the church is extended the bereaved widow and children in their sorrow.

Busch Asks Support in Justice Contest

Elmer G. Busch, candidate for justice of the peace of Ukiah township at the general election next Tuesday, respectfully asks the favorable consideration of his candidacy by the voters.

He has been a resident of Ukiah since 1904, has raised his family here and has always taken an active interest in the welfare of the community.

Mr. Busch has a good education, having finished the grammar and high school courses, and having spent two years in the Michigan College of Mines, just previous to coming to Ukiah. Upon his arrival here he worked in various offices in the courthouse, in the electric light department of the city and in various other positions previously to becoming a member of the Mendocino County Abstract Bureau, with which concern he has been connected for the past fifteen years.

He is thoroughly qualified for the position he seeks, and promises if elected to give it his best efforts.—Advertisement.

AUTO SUPPLY GROWING

The Ukiah Auto Supply Co., Floyd Banker and Perle Crawford, proprietors, have been enlarging their salesrooms the past two weeks. Both are hustlers and their rapidly growing business made more room necessary.

PRICE IS REDUCED ON LYCEUM SEASON TICKETS

The American Legion has decided to still further reduce the price for season tickets to their lyceum course and henceforth season tickets may be purchased for the remainder of the season for $2.00. This will mean an admission price of $2 for entertainments that will cost $3.50 if the admissions are purchased singly.

Season tickets may be obtained from any member of the legion.

Mr. and Mrs. Dick Bruns, former well known residents of Ukiah, have been here the past week, visiting with Mr. and Mrs. Chris Bruns and family.

Old Line Democrats "Bolt" Woolwine
Utter Collapse of Woolwine Boom
Farmers, Taxpayers Strong for Richardson

By J. B. SANFORD,

Editor of Ukiah Dispatch-Democrat and former State Senator and Democratic National Committeeman.

The outsanding events of the past week have been the desertion of thousands of democrats from the Woolwine standard. Old line democrats say that Woolwine has deserted the party. So far, he has not mentioned the name of W. J. Pearson, the democratic nominee for U. S. Senator who has the strong endorsement of the national leaders of the party, but has given full praise to Hiram Johnson in the hope of getting the machine vote. *Every time a machine henchman gets into the Woolwine wagon, two democrats get out on the other side.* W. J. Bryan has given Pearson a strong endorsement, but he did not endorse Woolwine.

Taxation is the issue and the farmers, taxpayers and home builders realize this more and more each day and think that Richardson is the safest man. *Hop and grape growers know that the election of Woolwine would not open the market to the sale of an extra bale of hops or a box of grapes.* They say that Woolwine is a false alarm and would keep the state in a continual turmoil. It is an impersonal matter. The duty one owes his state far transcends any fealty he may owe his party.

* * * * *

A SCIENTIFIC BUDGET.

Richardson's plans for building a budget are along scientific lines and will eliminate waste, extravagance and graft and will smash the machine by cutting off all useless employes. In building his budget he will provide for the most important things first, such as SCHOOLS, humanitarian functions and then the state departments and lastly the state employes. His first budget will call for a reduction of $15,000,000 below the budget of 1921.

* * * * *

THE MACHINE'S BUDGET.

The combination Woolwine machine in making its budget will put the cart before the horse and start backwards. The first thing they will provide for will be the 11,000 state machine henchmen; then the new Woolwine machine of 3,000 will have to be provided for—such as "non-partisans," "progressive" democrats, "progressive" republicans, "progressive" larcenists, ex-saloon men, bootleggers, political hacks and bums. No provision will be made for "deserving" democrats. Then the rest of the state government will be provided for and lastly the schools. The budget now far exceeds the budget of 1921, with its $91,000,000. The funds are exhausted. What's the remedy? SOAK THE TAXPAYER, SOAK THE TAXPAYER.

* * * * *

WOOLWINE BOOM COLLAPSES.

The political wise say that Woolwine's boom is in a state of utter collapse, and illustrate it with the humorous story of the prominent democrat who heard Woolwine at a street meeting up the valley. Woolwine came in with a hooray for light wines and beer and was soon gone. Presently a bunch of thirsty people rushed up in autos and asked for Woolwine and was told that he had spoken and gone. They were visibly disappointed and asked if he had opened the saloons and were told "No." Asked if he had left a drink for them and were told "No." They then asked if he intended to give them light wines and beer and were told that Woolwine was running for the wrong office to do that; that national legislation would be necessary to effect the change. "Well, why did not Tommy run for U. S. Senator? Is Tommy "spoophing" us and trying to get votes under false pretense?" And with that they threw down his cards and went away muttering vengeance.

* * * * *

A SUPREME SATISFACTION.

The thirsty and disappointed who had hoped that light wines and beer might again be permitted for beverage purposes and that Woolwine would secure them, now fully realize that Woolwine just *favors* the use of them. As they go home at night, tired and weary, and think of the cooling draught that they had hoped for they have the satisfaction of knowing that Woolwine *favored* the use of light wines and beer.

When they get old and the shadows lengthen and they sit around the fireside at night with their children's children playing on the hearth and they think of the cup that cheers, it will be some consolation to know that Woolwine *favored* the use of light wines and beer.

And when they climb the hill and start down the other side to the sundown of life and hear the old white horse of Death pawing at the door and can hear the crash of worlds, and the dissolution of nature tells them that they must pass on—and as they lie down for the last long sleep and close their eyes in repose, it will be a supreme satisfaction indeed to know that while Tommy could not lead them to it, he at least *favored the use of the stuff*. Blessed assurance, O blissful day!

Friends of Ornbaun Should Stamp Name

The friends of W. F. Ornbaun are urged to stamp a cross after his name without fail at the election next Tuesday, otherwise he may be beaten. Ornbaun was nominated for the office of coroner and public administrator by a clear majority over two opponents. Since that time a writein campaign has been instituted in the face of the overwhelming sentiment of the people as expressed at the primary, so don't fail to stamp a cross after Ornbaun's name and thus clinch the verdict of the primary at the general election next Tuesday.

IRMA SMITH LOCATED; WAS IN SACRAMENTO

Miss Irma Smith, who disappeared from this city two weeks ago last Tuesday under rather mysterious circumstances, has been located by District Attorney Gibson and Sheriff Byrnes, who have been working on the case since it was reported by the girl's mother a few days after she had disappeared. After leaving here she was at the Oakland apartments in Oakland, and later was met on the street at Sacramento by Tom Pappas, of this city, who happened to be in the capital city. She talked with him a few moments and stated that she was married and that her husband was in Oakland. Pappas met her a week ago yesterday.

The man with whom she is traveling is named McNeil and worked here as a dishwasher at the Liberty cafe. They have left Sacramento and are traveling toward the southern part of the state. The girl is but years of age and if McNeil is not married to her he will be arrested and prosecuted.

The girl told Pappas that she had left home owing to trouble with her father.

Cox Sheep Take 26 Stock Show Prizes

G. W. Cox, well known sheep breeder of Preston, informs us that his animals took 26 ribbons and $227 in cash prizes at the stock show in San Francisco, as well as winning the champion and grand champion titles.

Among the animals displayed at the San Francisco show were those Mr. Cox had on display at the powwow in this city recently.

RUN OVER BY AUTOMOBILE

Rodney, the six-year-old son of E. R. Couch, was run over last Wednesday morning by an automobile driven by Wm. Orr. The accident happened as Mr. Orr was coming out of an alley and was unavoidable. The little fellow was knocked down and the car stopped with the front wheel on his chest. No bones were broken and he does not appear to have suffered any internal injury, being sick but a few hours.

NEW CALIF. AUTO PLATES WILL BE EASIER READ

California will have a unique state auto license plate for 1923. According to announcement at Sacramento, the background will be black and the letters white. Half the numbers will be on the left side and half on the right, with "Cal. 23" occupying the center of the plate. The new plate has been designed to make the numbers easier to read.

AT HOME TO FRIENDS

Mr. and Mrs. Carl Partridge, who were married at Santa Rosa on October 21, are at home to their friends at the Hotel Clifft in San Francisco. Mrs. Partridge was formerly Mrs. Irene Bond, of this city.

CIVIL WAR VETERAN DEAD

Edson G. Growl, a civil war veteran, died at the family home in this city Monday morning. Mr. Crowl was 78 years old and leaves a wife and son. The family has resided here for about three years.

Mr. and Mrs. A. E. Gustafson returned the first of the week from a visit in Santa Rosa and San Francisco over the week end.

UKIAH BANKERS ATTEND MEETING IN SANTA ROSA

Mendocino county was well represented at the meeting of Group 8, California Bankers' Assocation, held in Santa Rosa Saturday night. The Group 8 includes 30 banks in Sonoma, Lake, Mendocino and Marin counties and practically every bank was represented. Among Mendocino county bankers present were Messrs. Tracy and Bromley of the Savings Bank of Mendocino, Chas. Duncan, of the First National and A. D. Scott, of the Commercial bank. The Bank of Hopland was represented by R. E. Shimmin and Messrs. Youngreen and Edmunds were present from Upper Lake. The affair took the form of a dinner party, held in the Odd Fellows' hall and about 150 bankers and their ladies were present. Miss Littlejohn of San Francisco, was one of the speakers, opposing the Water and Power Act, a constitutional amendment appearing upon the November ballot. "On the Redwood Highway" was the slogan adopted for all members from Sausalito to Eureka with the request that it be printed on all bank stationery.

AUTO BUS LINE SEEKS S. F.-EUREKA ROUTE

Messrs. Riley and Maxwell have applied to the state railroad commission for a franchise to run an automobile stage line from Eureka to San Francisco. In their application they ask for the privilege of carrying passengers between Willits and Eureka. The hearing of the application will be held in Willits at 2 o'clock p. m., November 13.

The people of this county who reside contiguous to the Northwestern Pacific railroad have heretofore been uniformly opposed to the granting of any franchises to motor lines paralleling the railroad, and the present instance is no exception to the rule. We don't want it. Any such line will tend to discourage the railroad from giving us the splendid service we are now enjoying and which we want continued. A motor line cannot give us the service the railroad does. Furthermore these mountain roads are no place for the road hogs the motor lines have proved themselves to be in Sonoma county and other places.

A good delegation from Ukiah should be present at the Willits hearing and lend their moral support against the proposal.

CONCERT COMPANY IS WELL RECEIVED

The Nevin Concert Co., which appeared at the Victory theatre last Monday evening under the auspices of the American Legion in the first of a series of Lyceum numbers, was well received by Ukiah people. The program was much better than the average and the most discriminating among the music lovers of this city, had no fault to find. If the remainder of the programs for the course are as good as this the patrons will be exceedingly well repaid.

REDWINE SUBMITS CANDIDACY ON QUESTION OF QUALIFICATION

G. E. Redwine, candidate for justice of the peace of Ukiah township, is a native son of Mendocino county; a graduate of the grammar and high schools of this county, and an attorney of high standing at the bench and bar.

On July 10, 1910, after five years of study, he was admitted to practice law in all of the courts of this state, and since that time has been engaged in the practice of his profession.

On January 11, 1913, he was appointed the court commissioner of Mendocino county by the judge of the superior court, which position he ever since has filled. As the court commissioner of Mendocino county and as an attorney he has been constantly studying the law, and therefore feels that he is well qualified to fill the position of justice of the peace.

The consideration of his candidacy will be greatly appreciated by Mr. Redwine.—Advertisement.

TELEPHONE SMALL PART OF EQUIPMENT USED IN CALL

The large amount of telephone plant which is placed at the disposal of the subscriber every time he takes his receiver from the hook and asks for a number was well illustrated recently by Guy A. Myers, representing the Southern Bell Telephone Company, in an address before the Rotary Club of Charlotte, N. C.

"The telephone you use," said he, "represents only 2 per cent of the equipment necessary to give you telephone service. To hold a conversation, it is necessary that the 136 parts of your telephone function properly; that the operators do the twenty-five things necessary for setting up the call properly; that the 600 parts, aside from the instrument itself, which help carry the call, all work just right; that none of the 1200 connections, all made by hand, function other than as they should; that the subscriber call the right number, stand close to and speak distinctly into the transmitter, answer the telephone promptly when it rings and treat the telephone equipment as carefully as its delicate construction requires."

BIG REDUCTIONS MADE IN FORD CAR PRICES

According to a statement just issued by Edsel B. Ford, president of the Ford Motor Company, Detroit, a general reduction of $50.00 a car has been made in the prices of Ford Model T cars and the Ford one ton truck, effective October 17th.

"The revision in prices," said Mr. Ford, "is the result of the increased volume of business which our company has enjoyed during the present year, and also, to the fact that we now own and operate many of our own sources of raw material, which enables us to continue increasing the quality of our product and at the same time keep the price so low that Ford cars are in reach of everybody.

"Our production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5,000 cars and trucks, which means a complete Ford car or truck every 5½ seconds of each eight-hour working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality.

"Quality, as usual," said Mr. Ford, will continue to be a prime consideration in the building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which come as a result of increased volume.

"This reduction, which is the sixth since March 1920, brings the price of the Ford touring car from $575, the price in effect early in 1920, to the present extremely low level of $298, which is nearly 50 per cent less. Corresponding reductions have been made on all other types."

The new prices by types follow:

Touring	$298
Roadster	269
Chassis	235
Coupe	530
Sedan	595
Truck	380

SPECIAL MEETING AT ST. JOHN'S CHURCH TO CLOSE

The attendants at St. John's M. E. Church having been enjoying a treat each evening in the musical programs given by Mr. and Mrs. E. G. Conner, of Glendale. Tonight there will be an interesting program by the Children's Booster Choir and Sunday will close the series of meetings. The public is cordially invited to enjoy these closing services.

TO THE PUBLIC

I have been questioned frequently regarding the attitude of the Osteopathic profession on Nos. 16, 28, and No. 20, subject to the voters of this state, on this November election.

The profession as a whole, as well as its supporters are unanimous in favor of No. 20, and directly opposed to No. 16 and to No. 28.

The opposition to No. 28, is for the reason that it does not conform to all the essentials necessary for the conservation of public health. It is opposed to No. 16 simply from a standpoint of medical education, as all who attempt to treat any human affliction, should have adequate knowledge of all the vital functions of the body, which can only be had in following the regulation course of instruction, as prescribed by law, for all who are engaged in the legal practice of medicine.

The Osteopathic profession holds out to maintain high standards of medical education, which is shown by the fact that all Osteopathics must comply with all the requirements regulating the legal practice of medicine as prescribed by the laws of this state.

The educational requirements for Osteopathic practice are identical with those of the regular practice of medicine.

For the past fifteen years the Osteopathic physician has taken and passed the same identical examination as the regular physician. The D. O. must pursue a course of instruction of 4,000 hours on the same subjects as the M. D. in addition must take 1,000 hours in distinctive Osteopathic subjects.

The Osteopathic profession asks no favors, educationally, only to have a separate board of examiners, which is to be self supporting, and to have fair administration of the law governing the practice of Osteopathy.

This act grants to Osteopathy, only what the medical, dental, veterinary, pharmacy, and optometry professions already have.

The profession does not ask for any change in the law, as we have proven in the courts that our voluntary standing is higher than required by law at the present time.—Advertisement.

The Monmouth (Ill.) Daily Review says: "Mr. Bailey is truly a lecturer, but more than that, he makes the audience realize at his first appearance that he is one of them."
A Bailey lecture is not only inspirational and character-building but is filled with humor.

Argument Against Prohibiting Viviseetion

The people of California defeated the anti-vivisection initiative two years ago by a majority of 254,000. Every county and every community of California voted overwhelmingly against such absurd and harmful legislation. Anti-vivisectionists, however, are not impressed by overwhelming evidence and are again insulting the intelligence of the people with a more vicious initiative.

Even people who irrationally place the rights of animals above the welfare of the human race can not intelligently vote for this anti-vivisection measure, because it would injure animals as much as man. Animals have received as much benefit from animal experimentation (vivisection) as have human beings.

This anti-vivisection initiative would prohibit the manufacture of serums and vaccines against hog cholera, anthrax, blackleg and other animal diseases, as well as serums and vaccines for the treatment and prevention of diphtheria, smallpox, hydrophobia and lockjaw. It would stop the production of certified milk, the standardization of dangerous drugs and the safeguarding of canned and other foods. It would close laboratories in medical schools and make it impossible to train students in modern scientific practice. It would completely cripple hygienic public health and veterinary laboratories, serum institutes and the Wassermann laboratories for the diagnosis of syphilis.

Effective measures used for the prevention of disease—sanitation, isolation, immunization—have been discovered and developed by animal experimentation. The practice of modern medicine is based upon it. The conquest of cancer, the prevention and cure of influenza, the cure of tuberculosis, pneumonia, infantile paralysis and many other diseases are dependent upon animal experimentation.

Two years ago anti-vivisectionists misled some people with tales of terrible torture and imaginary pictures of fiendish operations. They falsely claimed that such operations were inflicted upon little children in orphanages, the friendless poor in almshouses, prisons and other state institutions, and upon helpless animals and human beings in universities, laboratories and hospitals.

The bad faith of those circulating such slander is proven by the fact that they have not invoked the law in a single instance to prevent or punish such alleged atrocious cruelty.

Present laws of California adequately protect animals and prohibit inhuman treatment.

There is no cruelty to animals in the laboratories of California. Much of the work is being done by refined young women, and all the scientific workers are devoted to advancing the welfare of man and animals.

This anti-vivisection act is directed against scientific education, scientific practice and scientific progress, and has no practical relation to the protection or humane treatment of animals. It permits branding, trapping, wounding, dehorning, without anesthesia, but it prohibits scientific workers from performing any experiment on an animal, even under anesthetic or without pain.

Beneficient scientific methods for the promotion of health, the saving of life and the relief of suffering, for the study, prevention, cure and control of diseases that attack man and animals are practically prohibited by this preposterous initiative. It would injure the people, animals and resources of every community of California without benefiting anybody or anything.

Vote "No" and defeat this destructive anti-vivisection initiative. —Advertisement. Paid for by the friends of humanity.

DISAGREE OVER CROSSING

The department of public works of the state has applied to the railroad commission for authority to construct a highway crossing under the tracks of the Northwestern Pacific railroad near Willits, Mendocino county. The commission is also asked to divide the cost of construction, the works board and the railroad company having been unable to reach an agreement on the division of the expense.

MOOT QUESTION SETTLED BY SUPREME COURT DECISION

"Yield not to temptation,
For yielding is sin;
Each victory will help you
Some other to win."

It is recommended that you keep the refrain of the old hymn in mind as you walk the streets these days and find in your path walnuts which have dropped from overhanging boughs. Remember, they are not your walnuts. The supreme court says so.

There have been so many wrathy words, near-fights or hair-pullings over the ownership of walnuts which drop into the streets from trees planted in yards or along the sidewalks that the following clipping is reproduced for the benefit of everyone:

"According to a ruling of the supreme court, fruit or nuts on trees growing on property abutting the public highway belong to the owner of the abutting property and are not public property, as many travelers seem to think. This matter has long been held in doubt, but the ruling of the supreme court clears up all doubt. So tourists and motorists, beware! If you see a bunch of luscious grapes or a limb loaded with juicy Gravensteins or tasty walnuts, hanging temptingly over the road and in easy reach of your car, be sure the owner of the land wherein the trees are growing is not looking, for the court says he still owns the fruit.

"On the other hand, if you own the property over which the boughs of delicious fruit are waiving and it bothers you, why just remove the offenders, for they are as much yours as if they grew on your property."

To the Voters of the Third Supervisoral District of Mendocino County

I wish to call your attention to a few of the more important things that I have accomplished in your interest since I have been supervisor.

I have never failed to go, at my own expense to any good roads meeting or anything else that I considered served the interest of Mendocino county.

One of the most important savings for the taxpayers that I have been instrumental in accomplishing, was the amendment to a former law, said amendment providing that the interest on all money expended by the California Highway Commission on roads in the county, should be paid by the state instead of the county, as formerly. Thereby saving the county millions of dollars. Previous to the passing of this amendment, Mendocino county was paying next to the highest amount of interest in the state, Los Angeles county alone being higher.

Also I have saved the county thirty-five thousand dollars or more, on bridges on the state highway between Willits and the Humboldt county line. For the bridge across Outlet Creek and the three bridges across Long Valley Creek on the road to Laytonville, I gave the state twenty thousand dollars to cover the building. The contract price as later paid by the state was forty-seven thousand dollars. On the bridges north of Cummings I saved several thousand dollars more in the same manner.

I made a trip at my own expense to San Francisco to meet with the California Highway Commission, to take up the proposition of having the state pave all that part of the highway lying within the limits of the town of Willits. As the Highway Commission was paving the road north of Willits at that time, and as the north end of Main street required only about one-third the amount of paving that the south end would take, and as the north end lay in front, partially, of the California's Highway Commission's own property, the Commission would only agree to pave the northern end of Main street. They did not want to pave any of it, but compromised on the least expensive portion. However I shall continue my endeavors to have the south end paved in the same manner, whether I am re-elected or not.

These are only a few of the many ways in which I have been able to effect a considerable saving to the taxpayers of Mendocino county. Furthermore, none of these things have in any way been detrimental to labor interest. I have always considered a good living wage a better investment for any community than a low one.

After many years continuous service to the county as supervisor of your district, it was my full and announced intention to retire. But as no one else seemed available early in the campaign, I was persuaded by many of my friends to serve one more term if the voters in my district so elected.

Very truly yours,
A. J. FAIRBANKS.

Something Tax Payers Should Know

Early in 1920, while the question of submitting an initiative law to be voted upon at the general election in November, relative to authorizing an increased bond issue for highway purposes was being considered, A. J. Fairbanks asked me what I thonght of having a section incorporated in the proposed law, changing the law of 1919 so that the interest on all bonds after 1921, would be paid by the state instead of each county having to pay the interest on all money expended in that county as provided in the original law. I stated to Mr. Fairbanks that it was a stupendous undertaking and that if he could succeed, he would certainly win the everlasting gratitude of all taxpayers of Mendocino county.

At that time Mr. Fairbanks was chairman of the board of supervisors of Mendocino county, was active in the Good Roads Association and shortly after, was chosen as chairman of the County Supervisors' Association of California. To A. J. Fairbanks, more than any other man, I give credit for having the section put into the proposed law.

After it was put in, the next and most important thing was to have the law adopted by the voters of the state. As chairman of the State Supervisors' Association, he succeeded in securing the united support of enough voters to get the law adopted.

This change will save the taxpayers, during the time the bonds have to run before maturity, as I figure, about two millions of dollars.

If there were no other reasons, (I consider that there are many), A. J. Fairbanks should receive the votes and active support of every taxpayer in this district in his race for supervisor.

H. B. MUIR.

CATTLE MARKET STEADY SAYS GOV'T REPORT

The report issued November 1 by the Federal and State livestock news service, at San Francisco, says:

CATTLE: The cattle market has remained steady throughout the week with competition strong for fat steers weighing 1100-1200 pounds, but very few of this weight and quality are available either in California or nearby states.

The bulk of good bullocks weighing 1000-1100 pounds are selling from $7.75 to $8.00 off cars in San Francisco with the medium grade weighing around 1000 pounds going largely from $7.00 to $7.50 and common kinds as low as $6.75.

A shipment of 1200 pound Merced county steers topped the market last week at $8.00 off cars here. Other shipments of medium to good native steers weighing 1000-1050 pounds, showed a cost of $7.75 to $7.80. Fat cows sold from $4.75 to $5.25 in the country.

The feeder market continues active. Two loads of 900 pound Hereford steers brought $6.00 at the ranch in Tehama county. 300 head of 2 and 3 year old steers weighing around 1000 pounds sold at the ranch in Lake county, Oregon, for $6.00. 1000 pound cows from 4 to 8 years old went in the same shipment at $4.00. A load of 800 pound steers brought $6.00 at the ranch in Tehama county.

CALVES: Calf values are steady with a week ago. A spread of $7.75 to $8.00 is absorbing most of the 150-200 pound vealers with the 200-250 pound weights selling mostly around $7.50. A load of 270-280 pound weights cashed at $7.25.

HELD FOR SUPERIOR COURT

Antone Lobes, who was arrested at Fort Bragg several weeks ago on a charge of having assaulted Joaquin Fernandez with a knife, came up before Judge Hurley for his preliminary Tuesday.

He was held for the superior court on $2500 bail.

UKIAH WINS GAME

The football team of the Ukiah high school last Saturday cleaned up the Fort Bragg aggregation by a score of 27 to 0.

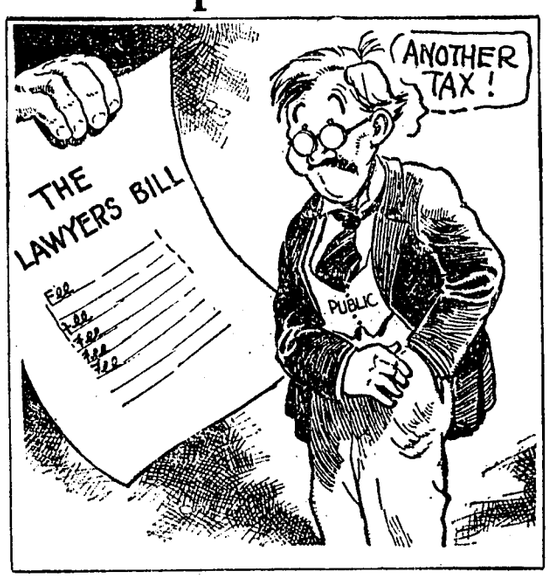
The game was a ragged exhibition of poor playing, although there was some brilliant individual work. Neither side was able to score in the first half. In the second half the local team pulled itself out of the slump and walked all over the Fort Bragg boys.

Distinctly NOT *for the Public Good*—

Proposition 24

If you DO NOT want a law that would LEGISLATE you into a lawyer's office to pay a lawyer's fee—If you DO NOT want a law that would *make it a crime* for your banker or your business agent to give you a little business-legal advice, FREE—VOTE "NO" on the Lawyers Bill.

Remember the number—24



Every vote for the Lawyers Bill is a vote to dig for lawyers' fees

The Lawyers Bill—*legislation by lawyers for lawyers*—was passed by the legislature in 1921, chiefly through influence of more than forty lawyer members—a third of the total membership.

There was no need for it. The public did not demand it. *Only a limited group of lawyers want it.*

The act was not drawn for the purpose of purifying the bar or raising its standards; nor with the idea of lessening the cost of legal service or increasing its efficiency. *It is part of a national campaign to benefit the legal profession by compelling greater patronage.*

Business men and bankers generally urge the defeat of the Lawyers Bill solely because IT WOULD IMPOSE A NEW BURDEN OF EXPENSE ON DOING BUSINESS in the state AND IMPOSE UNNECESSARY LEGAL FEES ON THE PEOPLE.

Any new act, like the Lawyers Bill, which would add an unnecessary new expense to the burden already carried by the people is bad legislation and should not be adopted.

Vote "NO" on Proposition Number 24

Reduce Your Production Costs

Farming, like every other business, must cut down the overhead.

It is not a question of being able to afford a Fordson; it is a question of being able to continue farming on the old too-costly basis.

The farmer's problem is not all a sales problem; it is also a production problem. He must cut down the cost of production.

The Fordson does more work at a lower cost and in less time than the old hand methods.

Let us give you the proof. Write, phone or call today.

Business Men Want Co-operation

There is a vast difference between dictation and cooperation.

While this institution is always glad to give friendly counsel and advice to patrons, there is never any attempt to run their business. That's up to them, but our object is to make it easier by cooperating.

The reason is that Richardson's election is assured and the people here realize that if Anderson valley piles up a good vote for him they can bring more pressure to bear in regard to completion of the state highway link between Wendling and the Mountain House.

The New Oakland Six $995

Announcing the 1923 Series

The 1923 Series of New Oakland Six-44 models are ready for delivery. They are distinctly new in beauty of line and in refinement of detail, and yet they retain all of the basic high quality of the first Six-44's.

Never before have so many exclusive and valuable features been combined with such high quality construction in a car so reasonably priced. Never has the automobile dollar bought more than it buys in the 1923 Oakland at the recently reduced price of $995.

The powerful, six-cylinder, overhead-valve engine carries the same written, 15,000 mile guarantee. But the performance of this motor is even more remarkable due to a new system of carburetion. Other distinct improvements add greatly to car appearance and driving ease.

Examine the 1923 Oakland critically. In performance, power, beauty and economy it instantly reveals superior value. Compare it with cars of similar price and you will never be content with one of lesser worth.

When you come in to examine the many new refinements and improvements you will discover two exclusive features of great value to be found in no other car at any price.
